deterrence

Reliance Protect VT50 Body Worn Camera

Small. Lightweight.

HD Video & Audio Incident Record & Live Stream

- The VT50 is the smallest camera in the range. This is an incident record body worn camera weighing only 27g yet offers HD video and audio recording with the option to stream live into our BS5979 Category II Monitoring Centre for quick and effective incident management, or stream back into the client organisation.
- The VT50 is convenient to wear and use with a simple button press to start and stop recording, and is an effective visual incident deterrent to help protect the user from threats and aggression.
- Uploading of media is performed quickly and easily via Wifi or via ethernet.
- Users can be assigned the device via the VideoManager portal or simply scan their existing ID card on the go with the RFID scanner attached to the device charging dock, giving a full audit trail of device usage.

Reliance Protect Supporting Services Section:

- ✓ BS5979 Category II 24/7/365 Monitoring Centre
- ✓ ISO 27001 Information Security Management
- ✓ Secure online VideoManager portal with powerful yet simple to use features and controls
- ✓ Comprehensive and proactive office and field based support
- ✓ Cloud storage of all media
- ✓ Over 10 years experience monitoring and protecting staff at risk of aggression
