Reliance Protect VT100 Body Worn Camera

Simple. Overt.

HD Video & Audio Incident Record & Live Stream

- The VT100 simple, lightweight yet overt incident record camera providing an effective visual deterrent to help protect the user from threats and aggression.
- The VT100 delivers HD video and audio recording with the option to stream live into our BS5979 Category II Monitoring Centre for quick and effective incident management, or stream back into the client organisation.
- The VT100 has a wide range of clothing attachments and is compatible with the Klick Fast System.
- Start and stop recording is via 2 buttons with LEDs and haptic feedback providing feedback on device status.
- Uploading of media is performed quickly and easily via Wifi or via ethernet.
- Users can be assigned the device via the VideoManager portal or simply scan their existing ID card on the go with the RFID scanner attached to the device charging dock, giving a full audit trail of device usage.

Reliance Protect Supporting Services Section:

- ✔ BS5979 Category II 24/7/365 Monitoring Centre
- ✔ ISO 27001 Information Security Management
- ✔ Secure online VideoManager portal with powerful yet simple to use features and controls
- ✔ Comprehensive and proactive office and field based support
- ✔ Cloud storage of all media
- ✔ Over 10 years experience monitoring and protecting staff at risk of aggression
